COLLECTION 2025—2026

Step into a world shaped by the hands of artists. Collection 2025-2026 – over 300 pieces strong – is more than just an assembly of furniture and accessories.

Our in-house designers drew inspiration from the rhythm of slow craft, the intimacy of dusty ateliers, and sunlit workshops in every corner of the world. The result is a collection that feels both curated and created – where every object carries intention, energy, and a touch of the unexpected.

Our latest collection came to life within the walls of a house that pulses with character and stories. From the first step through its door, the space welcomes you with its worn wooden floors, textured walls, and carefully chosen pieces that feel as though they've been gathered over years of exploration.

This house isn't just a backdrop; it's a living, breathing testament to the slow craft that inspires our designs. Each room is filled with personality, from sunlit corners bathed in golden warmth to shadowed nooks that hold secrets of the past. Vintage furniture and handmade treasures sit side by side, each piece unique, yet together forming an atmosphere of timelessness.

Wave couch

Inspired by the desire to lounge around from time to time, we have created a couch that is both multi-functional and contemporary. You're in charge and can create the couch you want with our nine Wave couch elements. It has a slightly more active seat and can be combined with an inviting divan element. The overall shape of the couch can be traced back to Hollywood in the early 1970s and, thanks to its round curves, it will turn your living room into an inviting place to gather and relax.

Nomad couch

The Nomad couch was inspired by the effortless charm of Mediterranean boutique hotels, where every detail feels curated yet inviting. We imagined rooms where linen sofas beckoned you to sink into their soft folds, where relaxation was the essence of luxury. This piece blends the warmth of southern Europe with pared-down functionality, offering comfort and style without pretense—a true reflection of spaces designed to make you feel at home.

CARE INSTRUCTIONS
Use non-abrasive cleaning tools. Possibly avoid leaving dirt and stains for long time on the surface of the laminate. To avoid leaving marks, always remove the detergent, rinse and dry well. It is advisable to proceed with a preliminary test on a small portion of the surface. Do not use aggressive products (for example: muriatic acid, products for cleaning silver and caustic soda). We recommend using coasters. Avoid contact with sharp objects.
